

Thinking solutions.

# These are the new ones! Reflex class A storages.

Available up  
to September 2016

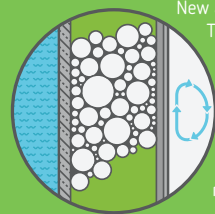

New and elegant design – high efficiency with rECOflex® insulation.  
Enjoy water comfort thanks to sustainable heating.

# Advantages for your customers

- New, elegant and space-saving design
- Energy efficiency class A thanks to rECOflex® insulation system
- Minimal heat losses and therefore reduced energy costs
- Fast and constant heating because of powerful heating surface
- Hygienically proper drinking water because of high quality enameling, DIN 4753 part 3

**rECOflex®**

New and exclusive by Reflex. The innovative heat insulation system rECOflex® reaches, as closed porous PU foam with microscopic small cells, an excellent heat insulation by having a low material thickness.
